1 February 1968

MEMORANDUM FOR: Mr. Charles P. Gallagher, IRS/HR/CPS/DD/I

SUBJECT : DD/S&T Career Development Course #2

1. As discussed with you on 1 February 1968, the DD/S&T Career Development Course includes, for training and orientation purposes, visits to several facilities concerned with atomic energy and missiles during the period 28 April - 4 May 1968. A list of participants is attached. The proposed itinerary for this travel is as follows:

28 April	Travel to Oak Ridge, Tennessee
29 April	Visit to Oak Ridge (K-25, Y-12)
30 April	Travel to Las Vegas, Nevada
1 May	Visit Nevada Test Site
2 May	Travel to Cheyenne, Wyoming
3 May	Visit Warren AFB Missile Site
4 May	Return to Washington, D. C.

2. I am arranging for the Oak Ridge and Nevada Test Site visits through AEC. It would be greatly appreciated if your office would arrange for the visit to the Missile Site at Warren AFB. It appears now that commercial air transportation will be used. I will keep you informed as plans and arrangements for the travel become firm. I am very appreciative of your assistance.
